

1st CHINA INTERNATIONAL CONFERENCE ON WALL THERMAL
INSULATION MATERIALS AND THE APPLICATION TECHNOLOGIES

Oct. 15~17, 2008

Hangzhou, Zhejiang Province, China

Theme

Wall Thermal Insulation and Building Energy Efficiency

Organizers

Building Materials Branch, Architectural Society of China (ASC)
China Academy of Building Research (CABR)

Invitation

On behalf of Building Materials Branch, Architectural Society of China (ASC) and China Academy of Building Research (CABR), I am pleased to invite you to attend the 1st CHINA INTERNATIONAL CONFERENCE ON WALL THERMAL INSULATION MATERIALS AND THE APPLICATION TECHNOLOGIES held from October 15 to October 17, 2008, in Hangzhou, Zhejiang Province, China. During the conference, a small exhibition will be also held.

Attendees will include the leaders and experts of administrative departments of construction, renowned experts and scholars in and abroad, professors from colleges, energy service companies, real estate developers, construction companies, Chinese and foreign architects, planners, designers, equipment manufactures, representatives from scientific research institutions, and enterprises from domestic and overseas.

If you are interested in this forthcoming conference, please contact us. Exhibition rules, register forms and invitation letter will be sent on request.

Hangzhou, Zhejiang province, China.

(The venue and the conference schedule will be notified in the later document.)

Date:

Oct. 15~17, 2008

Conference Topics:

- 1、 Current Situation and Development Trend of Wall Thermal Insulation Materials and the Application Technologies
- 2、 Studies of Exterior Wall Thermal Insulation Systems Adapted to Different Regions
- 3、 Safety, Durability and Maintenance Issues of Wall Thermal Insulation Systems
- 4、 Wall Thermal Insulation Materials, Construction Processes and Typical Cases
- 5、 Testing Techniques for Insulated Construction Wall
- 6、 Energy Saving Renovation of Existing Buildings
- 7、 National Policies & Regulations, Standards & Guidelines Related to Construction Wall Thermal Insulation and Building Energy Efficiency
- 8、 Important Academic or Technical Research Progresses in the Fields of Wall Thermal Insulation
- 9、 Decoration and Insulation Integrated Technologies for Wall Thermal Insulation
- 10、 Auxiliary materials for Wall Thermal Insulation system (such as commercial mortar, anchor parts, and so on)

Call for Paper

Please submit abstracts electronically according to the following guidelines:

- (1) Abstracts should be submitted in English by e-mail in the format of MS-Word as an attachment or in the body of the main message.
